Hi Susanna - Collin is out but below in red, added to the end of the OCSPP paragraph, is my effort to channel him.

But neither he nor I have the institutional knowledge as to whether OPPT has done CRA in the past – @Henry, Tala, are you aware of any instances where OPPT used CRA in the past for any assessment or other products? Would you add to or edit what I wrote in red below?

# Ex. 5 Deliberative Process (DP)

Best I got.

**Subject:** FW: Questions from RAF Cumulative Risk Assessment Tech Panel

I think he is asking for an OPPT counterpart to this narrative...i.e., what/how id OPPT addressing CRA? I know Collin's branch was doing the work in this area. Would this be something you could respond to?

Susanna, I am coping below the current text in the draft CRA Guidelines provided by OCSPP that describes the OPP CRA work. Now that there is work on going in OPPT we'll want to augment this text – both to be responsive to the commentor, but also just to be thorough. My schedule is to send a revised draft of the section that contains this text to the writing team for review next Monday, 10/4. Something comparable in scope to that describing OPP's work would be sufficient – just a paragraph.

If you can get me something before COB on Monday that would be best for me. I have until mid-Oct. to get the entire doc revisions finalized, so there is a little more time if its not something that can be whipped out in short order.

Ex. 5 Deliberative Process (DP)

A big picture statement about the impetus for that inquiry would be very helpful.

Thanks,  
Lawrence
